TITLE

PUBLIC SERVICE COMMISSION OF KENTUCKY EFFECTIVE

JUL 01 2004

PURSUANT TO 807 KAR 5011 SECTION 9 (1)

BY EXECUTIVE DIRECTOR

BY AUTHORITY OF ORDER OF THE PUBLIC SERVICE COMMISSION DATED
II. General Rules and Regulations:
The following are the rules and regulations of Fancy Farm Water District. The schedule of rates prescribed herein will be uniformly charged to all customers of the utility. No one will receive or be entitled to free service by the utility. No employee or individual commissioner of the utility is permitted to make an exception to these rates, rules, or regulations. These rules and regulations are subject to change by the utility at any time, subject to approval of the Public Service Commission.

A. All taps and connections to the mains of the District shall be made by and/or under the direction and supervision of District personnel.

B. Water service may be discontinued by the District for any violation of any rule, regulation, or condition of service and especially for any of the following reasons:
   1. Misrepresentation in the application or contract as to the property or fixtures to be supplied or additional use to be made of water.
   2. Failure to report to the District additions to the property or fixtures to be supplied or additional use to be made of water.
   3. Resale or giving away of water.
   4. Waste or misuse of water due to improper or imperfect service pipes and failure to keep in suitable state of repair.
RULES & REGULATIONS

5. Tampering with meter, meter seal, service, or valves or permitting such tampering by others.

6. Connection, cross-connection, or permitting the same of any separate water supply to premises which receive water from the District.

7. Non-payment of bills.

C. Any customer desiring to discontinue the water service to his premises for any reason must give three days notice of discontinuance in writing, in person, or by telephone; otherwise a customer shall remain liable for all water used and service rendered by the District until said notice is received by the District.

D. Bills and notices relating to the conduct of the business of the District will be mailed to the customer at the address listed on the user’s agreement unless a change of address has been filed in writing with the District; and the District shall not otherwise be responsible for delivery of any bill or notice nor will the customer be excused from the payment of any bill or any performances required in said notice.
RULES & REGULATIONS

E. 1. Bills for water service are due and payable at the office of Mayfield Electric & Water Systems, or to any designated agent, on the date of issue. The past due date shall be the tenth (10th) day after the date of issue. Bills will be dated and mailed on the first (1st) day of each month.

2. All bills not paid on or before the past due date shall be deemed delinquent. The District will serve a customer a written final notice of said delinquency. If the delinquent bill is not paid within fifteen (15) days after the date of such final notice, the water supply to the customer may be discontinued without further notice.

3. Meters will be read monthly between the 12th and 22nd of each month.

F. Where the water supply to the customer has been discontinued for non-payment of delinquent bills, a charge will be made for reconnection of water service, but the reconnection will not be made until after all delinquent bills and other charges, if any, owed by the customer to the District have been paid.

G. All meters shall be maintained at the expense of the District and the District reserves the right to determine the size of the meter used.
RULES & REGULATIONS

H. Where a meter has ceased to register, or meter reading could not be obtained, the quantity of water consumed will be based upon an average of the prior six (6) months consumption and the conditions of water service prevailing during the period in which the meter failed to register.

I. The District shall make all reasonable efforts to eliminate interruption of service and when such interruptions occur will endeavor to re-establish service with the shortest possible delay. When the service is interrupted, all customers affected by such interruption will be notified in advance whenever it is possible to do so.

J. Customers having boilers and/or pressure vessels receiving a supply of water from the District must have a check valve on the water supply line and a vacuum valve on the steam line to prevent collapse in case the water supply from the District is discontinued or interrupted for any reason, without notice.

K. The premises receiving a supply of water and all service lines, meters and fixtures, including any fixtures within said premises, shall at all reasonable hours be subject to inspection by the District.

L. Piping on the premises of a customer must be so installed that connections are conveniently located with respect to the District lines and mains. The customer shall provide a place for metering which is unobstructed and accessible at all times.
M. The customer's service line shall be installed and maintained by the customer at his own expense in a safe and efficient manner and in accordance with the Department of Health.

N. No person shall break, damage, destroy, uncover, deface, tamper with, or otherwise alter any structure, appurtenance, equipment, or other property which is part of the District's water works. If a loss or damage to the property of the District or any accident or injury to persons or property is caused by or results from the negligence or wrongful action of the customer, member of his household, his agent or employee, the cost of the necessary repairs or replacements shall be paid by the customer to the District and any liability otherwise resulting shall be that of the customer.

O. Any person, firm, or organization working around or near the District's distribution mains, appurtenances, or other property may request the District to indicate the location of same. Location by the District of same, however, does not relieve such person of complete responsibility and liability for any and all damages, liability and loss to the District's property resulting from any act of such person or his assigns and/or agent.

P. Water furnished by the District may be used for domestic consumption by the customer, members of his household, and employees only. The customer may not sell or give away water to any other person.
RULES & REGULATIONS

Q. Complaints may be made to the operator of the system whose decision may be appealed to the Board of Commissioners of the District within ten (10) days; otherwise the operator's decision will be final. If a written complaint, or a complaint made in person at the utility office is not resolved, the utility shall provide written notice to the complainant of his right to file a complaint with the Kentucky Public Service Commission (PSC), and shall provide him with the address and telephone number of the PSC. If a telephonic complaint is not resolved, the utility shall provide at least oral notice to the complainant of his right to file a complaint with the PSC and the address and telephone number of the PSC.

R. The water bills may be paid at the main office of Mayfield Electric & Water Systems, 301 East Broadway, Mayfield, KY, 42066. Bills may also be paid the Fancy Farm Credit Union, Fancy Farm, KY. Bills may also be mailed to P.O. Box 351, Mayfield, KY.

S. Upon request from a customer, and reasonable proof of leak, the District shall grant one (1) leak adjustment per year. The adjustment shall be based on the customer's twelve month average usage.

T. There must be a water meter for each residential unit.
RULES & REGULATIONS

U. The District's system is NOT designed nor intended for use for fire protection in any manner whatsoever. Any customer using same for fire protection does so at his own full and sole responsibility and risk. The District makes no warranty as to the sufficiency of the water supply or the adequacy of the water pressure at any time. Fire hydrants installed on the distribution lines of the District are for the sole purpose of flushing the lines, or other uses by the District necessary for proper maintenance of the lines.

Any fire department unit using water from District's water system must immediately contact responsible party in the District to make them aware of approximate volume used. Any damage to the distribution lines, resulting from excessive pressure due to fire hydrant usage by fire department units in the performance of their duties will be the liability of that unit.
III. Water Main Extensions:

All developers must submit a preliminary drawing of the water main extension development plans to the District for review. These plans must be prepared by a professional engineer. After reviewing the plan, the Board will contact the developer with changes or final approval. The District will submit the plans to the Division of Water.

After approval by the Division of Water, the District will hire a contractor to construct the project. The District will be paid for the project by the developer before any work is begun. The final cost of the project will not exceed cost estimate.

A ten (10) year refund period will begin after the project is completed and a contract is signed by both parties. The date will become the anniversary date. The developer will be reimbursed annually on this date for any water meter installed on said water extension.

To determine the refund amount, the total cost of the project will be divided by the total length of the extension. This will determine the cost per foot. At each anniversary date, the cost of 50 feet of the main extension will be paid to the developer for each water meter installed during that year. (All persons desiring water will be responsible for the meter tap-on charge.)

Refunds shall continue each year until reimbursement is paid in full (no interest) or ten years have elapsed, whichever occurs first. No refunds after ten years.
RULES & REGULATIONS

IV. Deposits:

All customers shall pay deposits. All residential customer deposits shall be $40.00. Commercial customer deposits shall be based on the average bill of similar customers and premises in the system. Deposit shall not exceed two-twelfths (2/12) of the customer’s estimated annual bill.

Interest on deposits will be calculated according to 807 KAR 5:006 Section 7 (6). Interest accrued shall be refunded to the customer or credited to the customer’s bill on an annual basis. Upon termination of service, the deposit, any principal amounts, and interest earned shall be credited to the final bill with any remainder refunded to the customer.

A deposit of $1000.00 shall be charged on all 3” fire hydrant meters. This deposit will not be refunded if the meter is not returned in satisfactory condition. Meters will be read monthly and bill according to actual usage.
V. Bill Format:

Each bill for the District shall clearly show the present and last preceding meter readings, dates of the readings, number of gallons consumed, net amount, all taxes, and the gross amount of the bill. The date after which a penalty may apply to the gross amount shall be indicated.

The rate schedule under which the bill is computed shall be furnished upon request by the customer.

VI. Monitoring of Customer Usage:

The District shall monitor the usage of each customer monthly. The District will compare the customer’s monthly usage records and if there is a deviation greater than 20%, the District shall re-read the meter, and check for leaks. The District shall then notify the customers of the investigation, its findings, and any refunds or back-billing in accordance with 807 KAR 5:006, Section 10 (4) and (5).
VII. **Special Non-Recurring Charges:**

A. **Connection Charge:** Will be assessed for service turn-ons, seasonal turn-ons, or temporary service.

B. **Reconnection Charge:** Will be assessed when a utility representative makes a trip to the premises of a customer for the purpose of terminating service for non-payment or for violation of District or PSC rules and regulations, and will include the cost of the service trip for both the disconnection and the reconnection.

C. **Returned Check Charge:** Will be assessed if a check accepted for payment of a utility bill is not honored by the customer’s financial institution.

D. **Service Charge:** Will be assessed for all trips to check meter readings as requested by the customer; except if the original reading was incorrect; and to check for leaks that the customer requests, except there will be no charge should the leak be on the District. Charge will also be assessed for return trips to read meter due to meter inaccessibility to District staff resulting from customer. Charge will also be assessed for all customer requested trips to investigate any problems with service; except there will be no charge if the problem is the responsibility of the District.
RULES & REGULATIONS

E. After-Hours Service Charge: Will be assessed whenever service call requests are received after regular office hours, weekends, and holidays; in the event the trouble is not the responsibility of the District. This charge shall also apply to the connection of new services or the reconnection of a discontinued service.

F. Late Payment Notice Charge: Will be assessed whenever a late notice is mailed when a utility payment is not made by the due date.

G. Late Payment Penalty: Pursuant to 807 KAR 5:006 Section 8 (3)(h), a penalty will be assessed when a customer fails to pay a bill for services by the due date shown on the customer’s bill. The penalty will be assessed on the delinquent amount of the bill, less any taxes and any prior penalty amounts. Any penalty may be assessed only once on any bill for rendered services, and any payment received shall first be applied to the bill for service rendered. Additional penalty charges shall not be assessed on unpaid penalty charges.

**BY:** Jordan C. Reel  
FOR THE PUBLIC SERVICE COMMISSION
Fancy Farm Water District Sewer Division

RULES AND REGULATIONS

This schedule of Rules and Regulations governs the furnishing of sewage service by Fancy Farm Water District Sewer Division hereinafter referred to as the Utility and applies to all service received from the Utility. No employee or individual director of the Utility is permitted to make an exception to Rates, Rules or Regulations. All Rules and Regulations are to be in effect so long as they are not in conflict with Public Service Commission Rules and Regulations. The Utility is further subject to all Rules and Regulations of the Commission even though not contained herein.

REVISIONS

These Rules and Regulations may be revised, amended, supplemented or otherwise changed from time to time subject to approval of the Public Service Commission, and shall have the same force as the present Rules and Regulations.

SERVICE AREA

The Utility furnishes sewage service to 186 Single Family Residences, 14 Commercial located at Fancy Farm in Graves County, Kentucky

AVAILABILITY

Sewer service is available to any domestic, commercial or industrial consumer within the Utility's area.

SUBSTANCES NOT TO BE DISCHARGED INTO SEWERS

No substances shall be placed or discharged into the sanitary sewer system which will create a combustible, gaseous, explosive or inflammable condition in such sewer system nor shall any substances or objects be placed or discharged into the sewer system which will not dissolve and which will thus cause an obstruction and clogging within the system. No petroleum products shall be placed or discharged into the sewer system.

No storm water or surface water drain shall be connected with the sanitary sewer system nor shall any storm or surface water be otherwise introduced into the sewer system.

SEWER FAILURE

The Utility is responsible for sewer failure only when in control of the Utility's employees. No consumer is paid damages for equipment unless such damages are specifically found to be

DATE OF ISSUE October 3, 1980
DATE EFFECTIVE January 1982

J. Albert Cash
Chairman
Route 1, Fancy Farm, Kentucky

Pursuant to 807 KAR 5:011, Section 9(4)
RULES AND REGULATIONS

caused by an act of negligence on the part of the Utility or its employees.

PROTECTION BY CONSUMER

Consumer shall protect the equipment of the Utility on his premises and shall not interfere with Utility's property or permit interference except by duly authorized representatives of the Utility.

NOTICE OF TROUBLE

Consumer shall give immediate notice to the Utility of any irregularities or unsatisfactory service and of any defects known to consumer.

MAINTENANCE

The Utility may at any time deemed necessary, suspend sewer service to any consumer or consumers for the purpose of making repairs, changes or improvements upon any part of its system. The Utility shall give reasonable notice of such suspension of service to the consumer.

The Utility shall be responsible for the maintenance of that portion of the service line installed by the Utility and the consumer shall be responsible for the maintenance of that portion thereof installed by the consumer.

CONNECTION CHARGES

A. Normal Connections: $300.00

Normal connections to existing sewer lines shall be made without charge for a prospective consumer who shall apply for and contract to use service for one (1) year or more and provide a guarantee for such service. Any such connection made at the property line of a prospective customer shall be classified as a normal connection.

B. Other Connections:

The charges for connections made for the purpose of land development or for any party that will not be committed to the payment of a monthly rate in accordance with the established rate schedule as approved by the Public Service Comission are subject to negotiation between the Utility and the party requesting the connection. Any such connection that will affect th
rules and regulations

rate paid by any consumer of this utility shall be subject to the approval of the public service commission.

LINE RELOCATIONS

When necessary to move or relocate facilities, the cost will be paid by party or parties requesting such relocation.

BILLING, COLLECTION, PENALTIES

Bills for sewage service furnished by the sewer system will be mailed no later than the 1st day of each month and will be due and payable within 10 days. A 10% late payment penalty charge will be applicable after the due date of any account.

DEPOSITS

The utility may require from any customer or applicant for service a cash deposit or other guaranty to secure payment of bills not to exceed two-twelfths (2/12) of the estimated annual bill of such customer or applicant where bills are rendered monthly, or three-twelfths (3/12) of the estimated annual bill where bills are rendered bimonthly, or four-twelfths (4/12) of the estimated annual bill where bills are rendered quarterly. Interest at the rate of six percent (6%) per annum will be paid on deposits so required, accruing from the date of deposit.

DISCONTINUANCE OF SERVICE BY UTILITY

The utility may refuse or discontinue service to an applicant or customer, after proper notice for failure to comply with its rules and regulations or state and municipal rules and regulations, when a customer or applicant refuses or neglects to provide reasonable access to the premises, for fraudulent or illegal use of service, or for nonpayment of bills. If discontinuance is for non-payment of bills, the customer shall be given at least forty-eight (48) hours written notice, separate from the original bill, and cut-off shall be effected not less than twenty (20) days after the mailing date of the original bill unless, prior to discontinuance, a residential customer presents to the utility a written certificate, signed by a physician, registered nurse, or public health officer, that such discontinuance will aggravate an existing illness or infirmity on the affected premises, in which case discontinuance may not be effect until the affected resident can make other living arrangements or until not less than ten (10) days elapse from the date of the utility's notification. When a dangerous condition is found to exist on the customer's or applicant's premises, the service shall be cut off without notice or refusal.
